Call to schedule tours or group activities.

ADMISSION

Free

EXHIBITS

The feel of a still-sturdy uniform, the gleam of lovingly polished medals, the curve of a well-used spoon and the crooked lip of a bent metal cup – history is told through the stories of ordinary things and extraordinary men and women. Louisiana plays a pivotal role in our nation's aviation and military history. The museum features a variety of historical exhibits on Selman Field and Louisiana natives Gen. Claire Lee Chennault and astronaut Jim Halsell. Additional exhibits include vintage aircraft and radio equipment, space travel and the history of Delta Airlines.
